HISTORY OF INCOME TAX IN INDIA

- References in Manusmriti & Arthashastra, where taxes were levied on traders, artisans, and farmers. - Traders and artisans paid 20% of their income, while farmers paid a percentage of their production, depending on circumstances.
- Modern income tax began in 1860, when the British government introduced the Income Tax Act to recover losses from the 1857 revolt.
- Significant reforms followed in 1918, 1922,
- In 1961, established the current framework, dividing income into 5 heads.
- Major reforms occurred in 1974, 1985, and 1997, reducing tax rates and simplifying slabs.
- In 2010, earnings up to INR 1.6 lakhs were exempted.
- By 2017, the exemption limit was raised to INR 2.5 lakhs.
- In 2020, new tax regime introduced.
