- Contract Costs shall be reduced by any incidental income, not being in the nature of interest, dividends or capital gains, that is not included in contract revenue.

- AS 7 does not mention these, but gives examples that can be reduced of sale of surplus materials, disposal of Plant etc at end of contract.
During the early stages of a contract, where the outcome of the contract cannot be estimated reliably, contract revenue is recognised only to the extent of costs incurred. Same as AS 7.

IV – REVENUE RECOGNITION

CA. Pramod Jain
ICDS IV – REVENUE RECOGNITION

- Both AS & ICDS deals with recognition of revenue from:
  - Sale of goods;
  - Rendering of services;
  - Use by others of the person’s resources yielding interest, royalties or dividends.
- Does not deal with aspects of revenue dealt with other ICDS.
- Main issue is the timing of recognition of revenue.
ICDS IV – REVENUE RECOGNITION

• For Service Contracts, AS allows both methods:
  + Percentage completion method; and
  + Completed Contract method

• ICDS requires mandatorily compliance of percentage completion method & Requirements of ICDS – III, shall mutatis mutandis apply

• However, if revenue from service contracts is duration of not more than 90 days, then revenue may be recognized under completed contract method. AS 9 – no such duration
ICDS IV – REVENUE RECOGNITION

- Interest income to accrue on time basis by the amount outstanding and the rate applicable. Same as AS 9
- However, as per AS 9 - interest, royalties & dividends to be recognized when no significant uncertainty as to measurability or collectability exists

+ Judicial Pronouncements
  - Right to receive - *E.D. Sassoon & Co. Ltd. v. CIT (SC)* (26 ITR 27)
  - Interest income to accrue on coupon date - *DIT v. Credit Suisse First Boston (Cyprus) Ltd* 351 ITR 323 (Bom.)

- Interest on security – 30/6 & 31/12. Sells security on 30th April. Accounts interest on accrual basis till 31st March. Deduction of amount already taxed but not received to be allowed as deduction. FAQ – 0 18

- Interest on NPAs other than Banks, PFIs etc?
- Interest on Debtors, Telecom companies, Electricity distribution companies, RWAs?
- ICDS applicable on tax on gross basis on interest, royalty & FTS for non-residents u/s 115A. FAQ – Q 14
- Interest on Income-tax, Service Tax, etc. shall now be taxable on receipt basis instead of accrual basis as contemplated under earlier ICDS
What happens when income is recognised in computation but not in books as per ICDS, and later becomes bad?

S. 36(1)(vii) - for deduction of bad debt, the debt should be written of irrevocably in the books of account?

S. 36(1) (vii) amended by Finance Act 2015 - if income has been offered to tax but has not been recognized in books of accounts, the same is deemed to have been recognized in the books for the purpose of s. 36(1) (vii)
ICDS IV – DISCLOSURES

- In a transaction involving sale of good, total amount not recognised as revenue during PY due to lack of reasonably certainty of its ultimate collection along with nature of uncertainty;

  + Amount of costs incurred and recognised profits (less recognised losses) upto end of PY;

Does not differentiate between integral and non-integral operations. Same translating provisions.

- FS of a foreign operation shall be translated using the principles and procedures in paras 3 to 6 as if the transactions of the foreign operation had been those of the person himself.

VII – GOVERNMENT GRANTS
ICDS VII – GOVERNMENT GRANTS

- AS-12 permits two approaches, depending on the nature of the grant:
  - Capital approach – owner’s funds
  - Income approach

- ICDS – only income approach

- Recognition Criteria:
  - Not to be recognised until there is reasonable assurance that
    - Person shall comply with conditions attached to them; &
    - Grants shall be received
  - Not to be postponed beyond actual date of receipt.
ICDS VII – GOVERNMENT GRANTS

- AS-12 – To be recognised on satisfaction of related conditions & achieving reasonable certainty of receipt.

- AS -12 - Government grant with respect to depreciable FA may be either reduced from gross block or may be transferred to PL in proportion.

- ICDS - Government grant with respect to depreciable fixed asset always required to be reduced from the actual cost of depreciable fixed assets.
AS 12 - Government grants in respect of non depreciable fixed assets are required to be credited to the capital reserve account where there is no obligation to be fulfilled. However ICDS is silent over this & requires to be recognized as income over the period over which cost of meeting such obligation is charged.

ICDS have annulled ‘The Purpose Rule’ that was established by several Case laws pronounced like Rasoi Ltd. Now even the subsidy is for capital purpose the same is exposed to taxability.
ICDS VII – DISCLOSURE

× Nature and extent of Government grants recognised during PY:
  × By way of deduction from actual cost of the asset or assets or from the WDV of block of assets during the PY;
  × As income;
  × By way of deduction from actual cost of asset(s) or from WDV of block of assets and reasons thereof;
  × Not recognised during the PY as income and reasons thereof.

× AS – totally different
ICDS VII – PRACTICAL IMPLICATION

- Disclosures required
- If transferred to owner’s fund – adjustment required and disclosure in ICDS
- If grant for depreciable assets charged to revenue in proportion.. Disclosure as per ICDS – reduce from FA
- If grant for non-depreciable assets transferred to capital reserve.. Disclosure as per ICDS – charge to revenue
- If complying as per IT Act, no other implication

IX - BORROWING COSTS
ICDS IX – BORROWING COSTS

Qualifying Assets

ICDS

Tangible / Intangible Assets

AS 16

Inventories that require 12 mns or more to bring to saleable condition

Asset that necessary takes substantial period to get ready for sale which generally is 12 mns

CA. Pramod Jain
ICDS IX – BORROWING COSTS

- Specific Borrowing:
  - Actual borrowing costs incurred during period on funds so borrowed from the date funds borrowed

- Other than specific borrowing:
  - Capitalization of general borrowing costs as per para 6 of ICDS IX formula to be done on asset-by-asset basis. FAQ – Q 22
    - \( A \times B / C \)
    - \( A = \) borrowing costs incurred except on specific borrowings
ICDS IX – BORROWING COSTS

+ B = (excluding directly funded by specific borrowing)
  - average of costs of qualifying asset as appearing in B/S of a person on 1st day & last day of PY;
  - in case the qualifying asset does not appear in the B/S of a person on 1st day, half of the cost of qualifying asset; or
  - in case the qualifying asset does not appear in the B/S of a person on last day of PY, average of costs of qualifying asset as appearing in B/S of a person on 1st day of PY and on date of put to use or completion, as case may be

+ C = average of amount of total assets as appearing in B/S of a person on 1st day & last day of PY, other than assets to the extent they are directly funded out of specific borrowings

- For this formulae qualifying asset - if it requires 12 months or more for acquisition or construction or production)
- If less than 12 months... no capitalization?
ICDS IX – BORROWING COSTS

- ICDS – 1st put to use
- AS 16 – Cessation when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete, i.e. when the asset is ready to be put to use
- Difference between ready to be put to use and put to use is important...
- Loan for vehicle. Interest between loan taken and vehicle on road... capitalise
FAQ - Q 20 - Borrowing costs disallowed u/s 14A, 43B, 40(a)(i), 40(a)(ia), 40A(2)(b):

+ Capitalization shall exclude those borrowing costs which are specifically disallowed under specific provision of the Act

+ Capitalization of borrowing costs shall apply for that portion of the borrowing cost which is otherwise allowable as deduction under the Act

Finance Act, 2015 already inserted proviso to sec 36(i)(iii) that the interest expenses incurred for acquisition of capital asset upto put to use shall not be deductible.
ICDS IX – DISCLOSURE

- Accounting policy adopted for borrowing costs
- Amount of borrowing costs capitalised during the previous year.
- AS - Similar
ICDS IX – PRACTICAL IMPLICATIONS

- Disclosure ... same as per AS
- Capitalize Interest if charged to revenue:
  + For Qualifying assets as per AS as well as ICDS
    - From date of ready to be put to use and put to use
  + For Qualifying asset as per ICDS but not a Qualifying assets as per AS:
    - Interest charged to revenue as per books to be capitalized up to the date of put of use including for loan taken for vehicles from date of loan taken till put on road
Exchange differences arising from foreign currency borrowings to the extent of interest cost

- In books revenue
- In computation
  - If related to s. 43A – capitalize
  - If related to revenue – not borrowing but exchange difference
